Membership Class	
<input type="checkbox"/> \$100 - Regular	<input type="checkbox"/> \$60 - Affiliated
<input type="checkbox"/> \$100 - Non Flying	<input type="checkbox"/> \$10 - Junior

Affiliated Member - Home Club

By applying for membership, I acknowledge that I will abide by the rules and regulations that have been established, or in the future will be established by the Kawartha Lakes Radio Control Flying Club Incorporated, and except in the cases of a non-flying member, will maintain my membership in the Model Aeronautics Association of Canada.

If I am applying for an Affiliated Membership, I will maintain membership in my home club.

- ☐ By checking this box, I agree to receive email and/or telephone communications regarding KLRCFC activity.
- ☐ By checking this box, I agree that KLRCFC is not responsible for any damage, loss or injury (including death) sustained while operating on KLRCFC premises.

Signature: _____ **Date:** _____ **Amount Paid:** \$ _____

Please note - ALL members are expected to devote some time to assist the Club...Help make it YOUR Club.

- Junior Members must be 18 or under on January 1 of the membership year.
- Affiliate Members are members of MAAC and another MAAC-sanctioned club, who wish to fly at the KLRC Flyers field.
- Affiliated flying members shall be associate members and must provide proof that they are paid-up members in good standing of another MAAC affiliated club before they are accepted for membership. Each affiliated flying member shall continually maintain his membership in the other MAAC affiliated club and in the Model Aeronautics Association of Canada. An affiliated flying member shall be subject to all the same rules as an ordinary member and have the same responsibilities, including ensuring that they are qualified to fly, and their equipment is acceptably safe. An affiliated flying member shall not however, be allowed to bring guests to fly.

The following information is not required, but will help us in running the club.

Kawartha Lakes RC Flyers

This code and the field rules are intended to foster a culture of having fun with model aircraft in a friendly, safe and courteous environment. (Adopted November 18, 2023)

Code of Conduct

1. I will at all times behave in the safest manner possible by following this Code of Conduct, MAAC Notams and Safety Guidelines, Canadian Aviation Regulations Part IX, and applying common sense.
2. I will always conduct myself in a polite, courteous and responsible manner.
3. I will make every effort to ensure that the operation of my model does not interfere with the enjoyment of the hobby by others. I will be considerate on the field and in the air by giving my full attention to where and how I operate my models. I recognize I share these facilities with others.
4. Members will conduct themselves at all times in accordance with the club's Anti-Discrimination and Anti-Harassment Policy stated in the Club By-Laws.

Field Rules

1. I will attach an Owner Contact Information label to my models in accordance with MAAC MPPD 10.
2. I will attach a Transport Canada Registration Number to my models as required by CARS IX.
3. I will not fly fuel powered models at the club field before 9:00 am.
4. I will not fly if there are currently 4 aircraft in the air.
5. I will loudly announce to other pilots my intention to take off, land, or move onto or off the runway. When another pilot makes an announcement of his/her intention, I will clearly acknowledge his/her announcement.
6. I will use the runway most favourable to the wind.
7. When more than one model is flying, I will follow the circuit set by pilots who take off before me and will only change that circuit in response to a change in the wind and only after establishing agreement with other pilots who are flying.
8. When others are flying, I will not move onto the runway except for the placement and retrieval of aircraft, and only then with the agreement of the other pilots. Exception for any club sanctioned event requiring runway incursions. I will be prompt. I will not fly when the runways are being cut.
9. When any person is on the runway, I will maintain my aircraft at a safe altitude until the runway is clear.
10. If I am a beginner, I recognize that I must be assisted by a qualified club instructor while flying at any club flying site, until I have obtained my "Wings".
11. I will retain full control over my visitors or guests, particularly children and pets. I shall ensure they stay in designated areas.
12. My aircraft should be inspected by another experienced modeler prior to its first flight, and after any significant repair.
13. I will be courteous to our flying field neighbours and will whenever possible, seek their permission before retrieving a downed model from their property.
14. I will not use model rockets at any club flying site.
15. I will not loan out equipment belonging to the Kawartha Lakes Flyers.

Repeated or single significant violations of this Code of Conduct and/or Field Rules may result in membership being revoked or membership renewal being denied.

Safety and Courtesy are everyone's responsibility
